### ABOUT ME

My name is Elsa, and I'm a 28-year-old female student at Medieinstitutet studying web development with specialized skills in e-commerce, and I am currently seeking an internship opportunity in this field. My training covers both frontend and backend development, with a focus on backend, that blends creativity with problem-solving. Additionally, my background in Information Design has provided me with an understanding of user experience principles. I want to refine my skills by combining this understanding with technical proficiency to learn and create user-friendly digital experiences.

### SKILLS

#### Programming Languages

JavaScript, Typescript, HTML, CSS, Sass, SQL, PHP

#### Libraries & Frameworks

React, Node.js

#### Tools & Platforms

Visual Studio Code, Git, GitHub, MySQL, Cypress, MongoDB, WordPress, WooCommerce, Adobe Photoshop, Adobe Indesign, Figma, Miro

### LANGUAGE

- Swedish, native
- English, good knowledge of speech, writing and reading comprehension

### INTERESTS

I enjoy music exploration, discovering new artists, and experiencing live concerts. I also love to read.

### REFERENCE

References available upon request

### EDUCATION
